

THE

Monroe City Commercial Club Held Rousing Meeting Thursday Night.

The meeting was held in the Council Room and called to order by President Herman Levy.

After stating object of meeting, which was to secure the location of the Monroe County Infirmary at Monroe City, the members grew enthusiastic and decided that, as Paris had had all benefits accruing from the County since the organization of same and as a court house had to be built sooner or later, it was time for the Queen of Prairies to have a slice of the pie or else let Paris for once show a little generosity and either let others who are willing to help relieve the tax payers of the County do so, or let her (Paris) do so.

The following resolution was offered and carried without a dissenting voice:

Resolved, that a committee of 12 of the business men of Monroe City and Community be appointed by the President of the Commercial Club for the purpose of devising means and ways of taking such steps as may be necessary to submit to the qualified voters of Monroe County, Missouri at the next general election, the question of removing the County Seat from Paris to Monroe City upon the proposition that Monroe City business will donate \$25,000 for the purpose of building a new Court House and that such committee shall also take such steps as may be necessary to present Monroe City to the County Court as the most suitable place near which to locate the Infirmary.

President Herman Levy appointed W. R. Yates, Pres. of the F. & M. Bank and Judge Robt. Meriwether, committee to assist him in selecting nine other business men to act with them as a committee of the whole.

Prof. J. F. Rodgers was appointed by President Levy to act as Secretary of the meeting.

Do not fail to attend the Club Meeting at Council Room tonight.

The following gentlemen have been selected to serve on the Committee:

Robt Meriwether, W R Yates, W R P Jackson, J J Brown, R S McClintic, John A Yates, R P Buckman, J W Johnston, W J Rouse, A Boulware, J S Scott, W E Shearman, V C Spalding, S M Brown, W B A McNutt, J B Gray, D D Melson, A C Meyer.

Will Retire.

Having sold my interest in the Hospital to my partner Dr. J. R. Hull, I will retire from practice here Nov. 1.; Dr. Hull will continue the business. I wish my patrons to continue with him. I desire to thank the people for their kindness and support and assure you that I will not forget you.

DR. A. W. ELY.

Dr. J. R. Hull, physician and surgeon has purchased the interest of his partner, Dr. A. W. Ely in the Monroe City Hospital and will conduct it along the upper plain of the most advanced practical work in the profession. Dr. Hull has not only made a host of friends since coming to this city, but has proven by actual work both to the layman and professional brethren that he is a surgeon of unusual success in his profession.

Gall-stones, Epilepsy, Appendicitis, and other "chronic" ailments are as readily relieved as simple headaches. We remove causes, the patient does the nursing, nature does the curing and sufferers gladly make us a donation. Office open daily. Profs Braun, "Himself," and "Herself."

Mrs S G Demaree has gone to Aurora, Mo., to meet her sister, Mrs. G. Stoner, of Arkansas. The ladies have not met each other for 18 long years and it will be a glorious meeting.

Is it right to buy yourself an overcoat and not get one of those all wool blankets for your horse? Yowell Saddlery Co., has the largest stock of blankets in Northeast Missouri.

Say, things are mighty bad in Kansas. But those All Wool Horse Blankets at the Yowell Saddlery Co., are just what you want.

More supple than an eel will be your harness if you have it dipped in Neatsfoot oil at the Yowell Saddlery Co.

I offer my residence for sale, as I have sold my business.

DR. A. W. ELY.

Cranston.

In a letter to relatives William Cranston of Abilene, Tex., notifies them of the death of another member of the family, the third in a year.

The bereaved father has many friends in this city who deeply sympathize with him.

Mrs. Wm Meyer, who has been a resident of Palmyra for twenty-five years or more, suffered with paralysis and rheumatism nearly all this time and was almost totally helpless. She is now making a very rapid recovery under treatment of Profs. Braun, "Himself," and "Herself," the Mentiopaths of this city, although drugs, "rubbing," etc., a plenty, had given her no relief whatever. Office open daily. Consultation and treatment free, unless you wish to make a voluntary donation.
